

2500 Teaching English to Speakers of Other Languages (TESOL) – International — specialisation course map

[Back to Postgraduate specialisation pathways](#)

For students commencing in 2010

How complete and relevant is this course information?

The following course information is provided in addition to the official [Monash Handbook entry for this course](#) and is subject to change.

Students who commenced their studies prior to 2010 should check their course requirements in the [Archived handbook](#) for the relevant year, or contact their Course/Pathway Adviser.

This pathway is designed to meet the needs of teachers or prospective teachers from overseas who do not wish to teach in Australia. Students will develop an understanding of the theory and practice of teaching English as a second language in a range of contexts (primary, secondary, tertiary and the workplace), in a country where English is not the official language. Specialist units include: theory and practice of TESOL; issues in curriculum design and assessment in second and foreign languages; and professional practice for teachers of English as a foreign language. To be eligible to teach TESOL in Australia, you must also have a recognised teaching qualification.
